Standard Delegate Unit

Specify Part Number
LBB 3544/00

The LBB 3544 is the basic Concentus delegate unit, enabling delegates to speak, register a request-to speak, register a response request, listen to the speaker and vote. The flat-panel loudspeaker offers superior acoustics with minimal feedback, so increasing intelligibility. It is automatically muted when the microphone is activated. When the unit is not being used, the loudspeaker panel conveniently folds down. There are five voting buttons for parliamentary, multiple choice or audience response voting.

Features

- Compact, attractive delegate unit
- Built-in fold-away flat-panel loudspeaker
- Five voting buttons
- Cable connections located underneath the unit

microphone not included

Delegate Unit w/Channel Selector

Specify Part Number
LBB 3545/00

The LBB 3545/00 is stylistically and functionally similar to the LBB 3544/00 Standard Delegate Unit, but includes a built-in language channel selector. This makes it suitable for conferences where more than one language is used and simultaneous interpretations are available.

Features

- Channel selector for accessing interpretations
- 2-digit channel indicator display with backlighting
- Two headphone sockets, and one external socket
- Two volume controls (left and right)
- Incorporates all functions of LBB 3544/00 Standard Delegate Unit

microphone not included

Delegate Unit w/LCD and Reader

Specify Part Number
LBB 3546/00

This top-of-the-line, multi-functional delegate unit meets the demands of even the largest conferences. It provides facilities for speaking, registering a request to speak, registering a request to respond, listening, voting, selecting language channels, chip-card reading and displaying conference and user-related information.

Features

- Graphic LCD screen with backlighting
- Chip-card reader
- Channel selector for accessing interpretations
- Displays messages and conference-related data
- Incorporates all functions of LBB 3545/00 Delegate Unit with Channel Selector

microphone not included

Chairman Unit w/LCD and Reader

Specify Part Number
LBB 3547/00

This stylish and ergonomically-designed chairman unit is equipped with all the necessary facilities to enable the user to function as chairman of a conference. Similar in appearance and functionality to the LBB 3546/00 Delegate Unit, the LBB 3547/00 Chairman Unit includes a microphone priority button.

Features

- Graphic LCD screen with backlighting
- Chip-card reader
- Channel selector for accessing interpretations
- Displays messages and conference-related data
- Incorporates all functions of LBB 3546/00 Delegate Unit
